

T5 Pro

Fingerprint & RFID Access Control

Exquisite Access Control Device

T5 Pro is the most compact access control device controller which suitable for installing on door frame. It is combined with biometric fingerprint and RFID Card for higher security requirement. With master cards, you can register or delete users under offline state. USB power supply and debug make operations simple. The most cost effective and efficient choice for you.

Fast fingerprint scan
in less than 0.5 second

Feature

- Small size with compact design
- Easy installation
- New generation sensor – hermetic, waterproof and dustproof
- BioNANO core fingerprint algorithm: High Performance and Reliability
- Easy user enrollment on the unit via Master Card or in the management software
- Identification mode: Fingerprint, Card, Fingerprint + Card
- Compatible with industrial standard RFID EM & Mifare
- Communicate with computer via TCP/IP, RS485 and Mini USB port
- Directly connect to lock control and door open sensor as a standalone access controller
- Standard Wiegand26 output
- Optional waterproof cover for outdoor solution
- Various communications(TCP/IP, RS485) are appropriate for multiple network deployment

Parameter

| Item | Description |
|--------------------------|----------------------------------------|
| Processor | TI Stellaris® 32-Bit High Speed CPU |
| Optical Sensor | AFOS Optical Sensor |
| Auto Sensor Wake Up Mode | Yes |
| Scan Area | 22mmx18mm |
| Resolution | 500 DPI |
| Fingerprint Capacity | 1000 |
| Log Capacity | 50000 |
| Identification Mode | FP, Card, FP+Card |
| Identification Time | <0.5s |
| FRR | 0.001% |
| FAR | 0.00001% |
| Communication Interface | RS485, USB Plug & Play, TCP/IP |
| Card Reader Module | Standard EM RFID, Optional Mifare Card |
| Relay | 1 Relay |
| Certificate | FCC, CE, ROHS |
| Wiegand | Wiegand26 Output |
| Door Open Sensor | Yes |
| Size(LxWxH) | 145mmx55mmx37mm |

System Configuration

AIM Standalone Access Control

AIM SAC is standalone access control software which integrates time & attendance and access control function. Able to directly control access control machine, also could through the security module for linkage installation. It is a good assistant to have a quick setup of separate entrance guard system. Also integration time attendance function meet different client requires.
